

SURESH VISHVA

Junior Electrical Engineer | HT/LT Systems & Site Compliance

+91 97157 47446 | sureshvishva007@gmail.com

Chennai, Tamil Nadu, India

PERSONAL DETAILS

Nationality: Indian

Date of Birth: 07 June 2000

Gender: Male

Marital Status: Single

Visa Status: Indian Passport – Seeking UAE Employment Visa

PROFESSIONAL SUMMARY

Electrical Engineer with 1.5+ years of hands-on experience in HT/LT power systems (33kV), switchgear, MCC/PCC panels, and preventive maintenance in industrial manufacturing environments. Proven expertise in site supervision, electrical installation compliance, and coordination with contractors and project teams. Delivered 20%+ downtime reduction and maintained 99%+ system uptime with zero safety incidents. Familiar with Dubai electrical standards, DEWA regulations, and HSE safety protocols. Seeking a Junior Electrical Engineer role (HT/LT Systems & Site Compliance) in the UAE.

TECHNICAL SKILLS

Electrical:	HT/LT Distribution (33kV), Power Systems, Circuit Breakers, MCC/PCC Panels, Power Transformers, Control Systems
Site & Compliance:	Site Supervision, Electrical Installation Compliance, Dubai Standards, DEWA Regulations, HSE Safety
Maintenance:	Preventive & Corrective Maintenance, Fault Diagnosis, LOTO Procedures, Troubleshooting, Downtime Reduction
Documentation:	Technical Reports, Site Inspection Reports, PPM Schedules, FM Work Orders, Compliance Documentation
Tools:	Multi-meters, Clamp Meters, Relay Test Equipment, Control Panels, Signal Processing Equipment
Standards:	IS Electrical Safety Codes, Industrial Safety Protocols, UAE Electrical Regulations, Hazard Awareness

WORK EXPERIENCE

Junior Electrical Engineer (Site Operations)

Aug 2023 – Jan 2025

Vel Casting Pvt. Ltd (JMI Groups) | Sriperumbudur, Tamil Nadu, India

- Supervised and monitored electrical works across the manufacturing plant, ensuring all HT/LT installations met project specifications and safety standards.
- Ensured all electrical installations (33kV HT lines, LT distribution, switchgear) complied with applicable electrical standards and industrial safety regulations.
- Coordinated with contractors, consultants, and project teams on facility electrical works; managed FM work orders and scheduled maintenance activities.
- Prepared technical reports, site inspection records, and PPM documentation ensuring full compliance with UAE DEWA regulations and HSE safety standards.
- Performed MCC/PCC panel testing, calibration, and fault rectification — achieved 20%+ downtime reduction through systematic troubleshooting of power systems.
- Diagnosed and resolved electrical faults using multi-meters, clamp meters, and relay test equipment; average resolution time under 2 hours.
- Maintained 99%+ system uptime and zero safety incidents throughout entire tenure by executing rigorous preventive maintenance schedules for all critical equipment.
- Supported project execution and troubleshooting of control systems and signal processing equipment independently on a contract basis.
- Operated and maintained high-power industrial air compressors (90kW and 110kW), ensuring optimal performance, safe operation, and uninterrupted plant uptime.

EDUCATION

B.E. – Electrical & Electronics Engineering

2019 – 2023

Dhanalakshmi Srinivasan Engineering College, Tamil Nadu | CGPA: 8.2 / 10.0

Diploma – Electrical & Electronics Engineering

2015 – 2018

Dhanalakshmi Srinivasan Engineering College, Tamil Nadu | CGPA: 8.2 / 10.0

CERTIFICATIONS

Diploma in Facilities Management — 97%

Alison (IBM Authorised Partner), 2025

Electrical Safety & Hazard Awareness

JMI Groups (2023)

HT/LT System Operation & Maintenance

JMI Groups (2023)

First Aid & Fire Safety
